Objective

A motivated and detail-oriented B.Sc. Computer Science graduate from GJU University, Hisar (2024), seeking a challenging position as a **Frontend Web Developer**. Passionate about building user-friendly and responsive web applications, leveraging modern web technologies and design principles.

Technical Skills

- **Frontend Development:** HTML5, CSS3, JavaScript, Bootstrap, React.js
- **Version Control:** Git, GitHub
- **Tools:** Microsoft Visual Studio Code
- **Other Skills:** Responsive Design, Debugging, Problem-Solving

Education

Guru Jambheshwar University of Science and Technology (GJU), Hisar
B.Sc. in Computer Science

2024

Projects

- **Find Location Using Longitude and Latitude:** Developed a web application to display locations on a map based on user input coordinates, using modern web technologies.
- **Tracking Data from Google Spreadsheet:** Designed an interactive tool to fetch and display real-time data from Google Sheets using JavaScript APIs.
- **To-Do List Application:** Built a dynamic and user-friendly to-do list application with features such as adding, updating, and deleting tasks.

Experience

Freelance Frontend Development Projects

2024 – Present

- Developed modern, responsive, and accessible web pages using React.js.
- Collaborated with clients to meet project requirements, timelines, and deliverables.
- Implemented version control workflows and debugging strategies.

Additional Information

- Participated in hackathons and coding challenges to enhance problem-solving skills.
- Enthusiastic about learning new technologies and frameworks.
